

International Collaboration for Neutron Detector Development Joint Working Group Meeting

Town & Country Hotel “Sunset Room”, San Diego, USA, November 6th, 2015

Preliminary Agenda

Time	Speaker	Title	Chair
13:15	K. Zeitelhack	Welcome	
13:20	J. Sykora	Update on STFC detector development efforts	Bruno
13:40	T. Nakamura	Update on J-PARC detector development efforts	
14:00	K. Herwig	Neutron detector developments at SNS and HFIR	
14:20	R. Engels	Update on FZ-Jülich detector development efforts	
14:40	N. Maliszewskyj	Update on NIST detector development efforts	
15:00	H.J. Rhodes	Update on PSI detector development efforts	
15:10	B. Guerard	Update on ILL detector development efforts	Nigel
15:30	L. Robinson	Status on Neutronic Coating developments and production	
15:50	I. Stefanescu	Status of detector development at ESS and partners	
16:10		Coffee	
16:40	K. Zeitelhack	Status of 10 Boron based detector development at FRM II	Nigel
16:55		Discussion	
18:00		End
